It is what comes out
of a person that
defiles... evil things like
murder, envy, slander, and
pride come from within, and
they defile a person.

Let the children be fed first,
for ^{it} is not fair ^{to} take the children's
food and throw ^{it} to the dogs.

Sir, even the dogs under the
table ^{eat} the children's crumbs.

For saying that, you may go—
the demon ^{has} left your daughter.

Be opened!

Don't tell anyone
about this healing!
